

Get hands on with iTero® intraoral scanning

Join Watersedge & iTero for an evening of digital dentistry

Thinking about digital impressions and intra oral scanners? There are many advantages of integrating a digital ios nto your practice; streamlined processes, increased efficiencies, dynamic patient education tools, better communication with your lab. Why not try one in your office and see for yourself?

Join us for dinner to discuss what's possible with the iTero digital scanner. You will learn:

- All digital restorative workflows & applications
- How that digital workflow continues in the lab
- The digital tools that educate patients & increase case acceptance

Special offer to trial iTero in your office for 3 months

Date: Thursday April 27th

Time: 5:30 - 7:30 pm includes dinner

Location: Watersedge Dental Lab, 1750 Courtwood Cres.
